[REDACTED] and I briefed Mr. Wolf on the discussions with [REDACTED] about insurance and indemnity at [REDACTED]. We suggested that while awaiting [REDACTED] further comments it might be well to talk to the Special Insurance Section in the office of the Chief of Finance and have at those discussions the Deputy General Counsel for Ordnance who has already been helpful in this matter. Mr. Wolf approved this and [REDACTED] are making the necessary arrangements. [REDACTED] meanwhile suggested that the contract with [REDACTED] should be signed. I agreed provided that it be made clear indemnity provisions would not be given as drafted in the contract but would be applied to each separate instance raised by [REDACTED] as might be best suited to the occasion until we have reached an overall insurance indemnity plan.

/s/ LAWRENCE R. HOUSTON
